By:

1. What kind of D2D appliance do you have in place now, in both locations?  
Exagrid in both locations
2. What kind of WAN connection do you have to the offsite facility?  
10Mb dedicated Comcast link
3. What is your expectation for RTO and RPO for the unit at the DR facility? Same as primary backup system/location, or more lenient?  
Same as primary
4. Is the 5-year lease request for a \$1 Buyout or a Fair Market Value Buyout type of lease?  
\$1 buyout, or whatever makes more financial sense in the long run
5. Servers – how many physical and how many virtual and sizing please?  
15 physical and 12 virtual
6. Other than VMware, do you also use any Microsoft Hyper-V virtualization platforms?  
No
7. Other than server data, will this backup solution be expected to capture/archive data directly from user systems, mobile devices, or any other pieces of equipment?  
No
